Тестеры электрических цепей

12 Volt Circuit Tester

- Product Code: 4000
- Availability: In Stock

Quickly checks all 6 and 12 volt systems. With power on, locates shorts, grounds, and open circuits.

36" Twin Test Leads

- Product Code: 5200
- Availability: In Stock

1 wire with red insulators, 1 wire with black insulators. MADE IN USA.

5 Pack Clips

- Product Code: 5600
- Availability: In Stock

5 pack of plated alligator clips used for making easy electrical connections.

Circuit Tester W/ Coiled Wire

- Product Code: 4100
- Availability: In Stock

Quickly checks all 6 and 12 volt systems. With power on, locates shorts, grounds, and open circuits. This tester features a coiled wire that extends over 6 feet, but stays coiled and neatly out of the way when extra length is not needed.

Coiled Test Lead

- Product Code: 5250
- Availability: In Stock

12' of coiled wire with heavy duty clips will extend over 6 feet if needed. One per package.

Computer Safe Circuit Tester

- Product Code: 4800
- Availability: In Stock

This circuit tester is designed to be used on all 12 volt systems, including automotive computer circuits, without damage to sensitive electric components. LED glows red when clip is attached to ground, and probe touches positive, and green when clip is on positive, and probe touches a grounding point.

Computer Safe Circuit Tester And Current Indicator

- Product Code: 4810
- Availability: In Stock

This dual lead circuit tester provides the same protection as the #4800, but has the added feature of indicating ground or positive points. Connect one lead to ground, and the other to positive. LED will glow red when a positive point is touched by the probe, and green when the probe touches any ground point on the vehicle.

Computer Safe Circuit Tester-48v

- Product Code: 4848
- Availability: In Stock

Same features as our #4800, this is made for 48 volt systems used on hybrid and electric vehicles.

Continuity Tester

- Product Code: 4600
- Availability: In Stock

Checks all voltage circuits and wiring with power disconnected. 1 AA battery required (not included).

Heavy Duty Circuit Tester

- Product Code: 4200
- Availability: In Stock

Checks AC and DC wiring up to 36 volts. An absolute must for trucking, military, and farm equipment using 18v, 24v, or 36v systems.

High/Low Circuit Tester

- Product Code: 4300
- Availability: In Stock

Quickly checks all 6 and 12 volt systems. With power on, locates shorts, grounds, and open circuits. Has added feature of checking spark plug and spark plug wiring without damage to wires.

Remote Starter Switch

- Product Code: 5400
- Availability: In Stock

This tool is designed to bypass the ignition on any engine with a solenoid starter switch. Turn over, or start the engine by connecting one lead to the positive terminal of the battery, and the other to energizing terminal of the solenoid. MADE IN USA.

Short Circuit Detector

- Product Code: 3900
- Availability: In Stock

Locates short circuits through carpeting & panels. Attach wire leads to fuse posts, and run meter along wire path to locate short. packed w/ instructions in a plastic storage case.

Spark Plug Firing Indicator

- Product Code: 4500
- Availability: In Stock

This tool features a neon bulb to check spark plugs, spark plug wiring, and secondary or high voltage circuits without piercing fragile spark plug wires.

Two-In-One Circuit Tester

- Product Code: 4400
- Availability: In Stock

Combines in one tool all features of #4000 plus the added feature of checking spark plugs & spark plug wiring.
